Vol. 9, No. 42 — EDMONTON, ALBERTA, WEDNESDAY, OCT. 17, 1956 — Section One—8 Pages

T.B. Notes

By AUDREY B. COAST

As reported in the last two issues of this paper, a chest X-ray clinic is coming to Lac la Biche. After the clinic has been here some people will hear from their doctor that they need further examination. Some of these may have to go to the sanatorium. We hope it will not be you, but in the event that this is so, you may like to know a little about a sanatorium.

What is a sanitorium? Usually, it is a whole hospital in itself, but sometimes it is part of a general hospital. Always it is planned for one purpose; to give the t.b. patient the best care. It has doctors and nurses who understand t.b. and who know what to do and when to do it. It has X-rays and all kinds of modern medical equipment when needed. The main necessity is rest so you will be put to bed in a bed which is suitable for people who must rest comfortably for long periods of time.

In every good san there are trained workers who help to keep the patient's mind and fingers occupied without making him tired. Gradually they get him ready to take on his old job again or to tackle a new job, that will be safer and better for him.

The children also receive trained guidance in hobbies, crafts, etc. and teachers who help them keep up to their schoolmates. All this attention is free.

Students' Council Elects Officers

GRASSLAND — Elections were held on Sept. 21 in Grassland High School to elect the Students' Union Council. The following members were elected: president, Lucien Duigou; vice-president, Robert McKenzie; secretary-treasurer, Vera Sawchyn; boys sports convener, Walter Yakimuk; girls sports, Mary Hula; boys social convener, Leo Federick; girls social, Olga Holdis; reporter, Geo. Wojtowicz; editorial staff, Natalie Medwid, Ann Alexiuk, Alma Semeniuk, Jean Shewtz and Elsie Yurchak.

W.I. Sponsors T.B. Clinic

A t.b. X-ray clinic, sponsored by the Lac la Biche Women's Institute, will be held in the Memorial Hall, Lac la Biche, early in November. Every person, young and old, is urged to make use of this free service. Watch for the date on the posters. The hours are from 9 a.m. to 12 noon, also from 2 p.m. to 5 p.m. and if necessary evening appointments can be arranged. Mrs. Marshal Hamar is in charge of advance registration and will gladly arrange appointments. The WI are most anxious that everyone avail themselves of this service which is provided at considerable cost to the government but is given without charge to the people. Efforts are being made to publicize this service in rural areas through schools and other means. This is the first visit the clinic has made to this district in several years.

Alberta Winner In Archery Contet

In the archery finals held recently, Herbert Erickson of Goose Lake won with a score of 1512 in the two field events. He was placed first for Alberta and third for Canada.

In the target events, which were for the Province of Alberta, Mr. Erickson placed first. He also placed first in the archery golf for Alberta.

Reporter Needed

A reporter is needed for the Avenir district. Anyone interested may write to Mrs. McGregor, News Editor, c/o Sun Publishing Co. Ltd., 10815 - 82 Ave., Edmonton.

New Schedule Of Power Rates By Northern Utilities Accepted By Council

Lac la Biche town council met Tuesday evening, October 9th, with Councillors McMillan, Vincent, Raines, Person and Tkachuk present, as well as Mayor Hamar and Secretary Creighton.

Minutes of the meeting of Sept. 25 were read and adopted. A report was given by Councillor McMillan on a meeting of a committee with the fire brigade on Oct. 3, when the question of pay for firemen was discussed. A detailed outline of the request of the firemen was given council, which called for the payment of firemen for attendance at regular practices. Council asked that the committee meet again and draw up concrete recommendations to present to council at their next meeting.

An extension was granted on a certain tax consolidation agreement. The monthly financial statement was read and adopted. Constable Beavan was appointed as welfare officer, and the secretary-treasurer was appointed to carry on until his arrival.

A new schedule of rates was presented by Northland Utilities Co. for power used in the town. As the new schedule offered certain reductions in cost to the consumer, the proposal was accepted. It is expected that the new rates will be in effect for the October billing.

One building permit was authorized for additions and improvements to a certain dwelling, on the condition that details of additions to be given and approved by council. The secretary was asked to write a property owner requesting that a shrub which protruded over a sidewalk, be removed, as it was a hazard.

Accounts totalling $1,382.62 were passed for payment.

It's a Girl!

Mr. and Mrs. Edgar Ladouceur are the parents of a daughter, born Oct. 1.

The veterans of the country might one day have to save it from progressive radicalism.

Lac la Biche

Miss Lucille Tatum, accompanied by Miss Irene Smith, motored to the city on Thursday.

Mr. and Mrs. Marshal Hamar and family visited relatives and friends in Two Hills over the holiday week-end.

Mrs. Kate McCormick plans to spend the winter in the city with a brother.

Mr. and Mrs. Hervey Marchildon and children left on Thursday for a few days' holiday in Edmonton and other points.

Mr. and Mrs. Walter Debeluk of Edmonton visited Mr. Debeluk's mother and other relatives in Lac la Biche during the Thanksgiving holiday.

Eimice Creighton of Edmonton and Wesley Creighton of Sexsmith spent the holiday week-end at the home of their parents, Mr. and Mrs. F. Creighton.

Miss Lucille Tatum, accompanied by Mrs. F. Peressini and small son, motored to the city over the week-end. Miss Dorothy Hamilton returned with them.

Mrs. J. Hayduk has been confined to her home for a week due to illness, giving her pupils in the high school an enforced holiday.

Week-end guests at the home of Mr. and Mrs. Daniel Joncas included Mr. and Mrs. Harry Robinson of Edmonton, and Mr. and Mrs. N. Myskiw of Two Hills. Mrs. M. A. Lett and W. J. Chester were also dinner guests on Monday.

Mrs. C. Wolstenholme accompanied her daughter, Mrs. Peter McLean and children to Edmonton on Sunday.

Gourin

Mrs. Ulliac, who has been hospitalized for five days, is now home.

Allcide Ulliac has returned home afer spending two weeks in hospital with an injured leg.

Mrs. Emile Ulliac is back home after spending a few days in the General Hospital, Edmonton.

Miss Lillian Duperron is back home, where she has been employed around Atmore.

All farmers around Gourin are busy threshing and combining.

Breynat

Mr. and Mrs. George Duperron and family were visiting here from Drayton Valley.

A farewell party was held at the home of Mr. and Mrs. Frank Roskewich for Miss Lea LeClair. A large crowd of friends gathered and presented her with a lovely gift.

Mrs. John Oshanyk spent a few days in the St. Catherine's Hospital recently.

Mrs. John Roskewich has left for Vancouver to be with her daughter, Mrs. Adolph Babiy, whose husband passed away Oct. 5 following an accident.

Frains

Mr. and Mrs. Nahornev and Donnie made a business trip to the city and brought back a load of coal.

Mrs. Kolach and Raymond attended the bingo at Boyle only to discover that it had been postponed until a later date.

Mike Ustina has John Ladish and Sylvester Powder from Caslan working with his threshing machine.

Adolf and Albert Kilba from Edmonton were fishing at Buck Lake last Sunday.

Court Of Revision Hears Tax Complaints

LAC LA BICHE — The Court of Revision met in the town office Tuesday evening before the regular meeting of council, in order to deal with complaints relating to business tax assessments. The first complaint was from a businessman who had only operated his business since August of this year, and felt that it was unfair to assess him for a full year's tax.

The secretary pointed out a section of the assessment act, which stated that any business which operated for a period of 30 days or over was subject to a full year's business tax. The court decided that they had no authority to make any alteration in such cases. They promised, however, to make a more thorough study of the question.

Three other complaints were based on the grounds that the owners had gone out of business before 1956. Two of these assessments were cancelled on such grounds and a third was to be investigated further.

Lac la Biche Mission

Dr. Souch and family from Edmonton spent Thanksgiving at their cottage at Waskasiu Beach.

Mr. Rowand, optometrist, came from Edmonton to see a patient at Lac la Biche. While he was here his family stayed at the beach.

Mr. and Mrs. Carty have gone to Edmonton for the winter.

Mr. and Mrs. P. Debrenki will stay with Emile Cloutier for the winter and their children will attend Plamondon School.

Daniel Cloutier is travelling by bus to Plamondon School.

Armand Fortier returned home after working at Hinton all summer.

Mrs. E. Cloutier went to Edmonton to attend the funeral of A. Routhier.

Alex Plamondon came with his threshing machine to thresh Mr. Tardif's crop.

Emil Tardif came back home after working all summer around Bonnyville.

AURORA THEATRE

Spotlight On Cheese

Yes, in October, in Canada we celebrate National Cheese Month. You're hearing about it on the radio, reading about it in magazines and newspapers and seeing about it on TV. The question is—what are *you* doing about it?

Canada is outstanding as a producer of fine cheese. In fact besides our famed "cheddar" there are 53 kinds of cheese made in this country. Despite this, Canadians eat less than six pounds of cheese a year; which doesn't stack up especially well against many other countries who average 15 to 20 pounds per person per year. According to statistics we could change this picture dramatically. If each Canadian ate two cheese sandwiches a week the cheese consumption would be 100,000,000 pounds a year. Fantastic, isn't it? And this is not much cheese per person either.

Now I'm not suggesting we all go overboard for cheese sandwiches. If you think that the uses of cheese are limited to sandwiches you've got some dandy surprizes in store. And you'd better write for the free bulletin on cheese dishes from this office. In the meantime try some of these ideas: Cheese omelets, cheese muffins (just add grated cheese to your dry ingredients). Rice and cheese casserole, cheese fondue, cheese sauce on your vegetables, moulded cheese, salad and here's a quick one-dish meal:

Make a biscuit dough and line the bottom of a casserole with it, place browned hamburger mixture next, and top with canned tomatoes. Cook in hot oven (400°) for 20 minutes, then top with sliced or grated cheese, reduce the temperature to 325o and when the cheese is melted serve with a generous helping of crisp salad.

Whenever it is breakfast, lunch or dinner, party fare or snack time, make your choice cheese.

RCAF Members Pass Exams

ROCHESTER — Local youths Andy Andrich Lawrence Gerlach, and Larry Hanlan, now with the RCAF in St. Jean, Que, passed their preliminary examinations with marks of 80%, 76%, and 60%, respectively.

Andy and Lawrence will now go to Clinton, Ont. for training in "Basic Electronics" while Larry will go to Aylmer, Ont. for training with the military police.

Says Democracy Is In Danger

Justice Minister Stuart Garson said in Winnipeg last week that the really fateful question of modern times is whether really democratic government will survive and expand, or fall back into thousands of years of bondage from which it has so recently emerged.

The unconscious assumption that the democratic form of government is normal is a mistake, he told a dinner of the Griffon Club of Winnipeg, an association of businessmen.

Reviewing political history since the time of ancient Athens he said only an "infinitesimal fraction" of that time was filled by the political freedom enjoyed by a large part of mankind today.

He suggested the intelligence and good faith of citizens could ensure democracy would not be replaced by a dictatorial system of government or by systems like communism.

District Agriculturist Notes

By J. S. LORE

The method of handling straw, according to D. A. Dew of the Lacombe Experimental Farm, Canada Department of Agriculture, is a problem in stubble land management which must be seriously considered in the fall if a suitable seed bed is to be expected the following spring.

In the black soil zone a rank growth of straw is usually encountered which must be decomposed as rapidly as possible or handled in some other manner. Many farmers swath the crop fairly short and collect the straw behind the combine by bunching or baling. If all the straw is returned to the land there should be an effective straw spreader on the combine. If the straw spreader doesn't do a good job, Mr. Dew suggests that a stroke with oscillating harrows will help spread the straw more uniformly. A straw chopper is actually more effective than a straw spreader and can easily be attached to most combines.

The selection of the tillage equipment for fall tillage will depend on the amount of trash on the surface. Some trash should be left for wind and water erosion control, although trash which is partly buried will normally serve this purpose. The one-way disc is the logical choice if the trash is on the heavy side since it will mix up to 50 per cent of the trash with the surface two or three inches of soil. Straw mixed with the surface soil is more quickly decomposed than that laying on the surface or buried deeply.

A cultivator, either duckfoot or heavy duty type will handle smaller volumes of straw since these machines leave a larger percentage on the surface. Cultivators will mix from 20 to 40 per cent of the trash with the top two or three inches of soil. Heavy duty cultivators have greater clearance and leave more trash on the surface.

26 Albertans Get Teacher's Credits

EDMONTON (BUP) — The Alberta government has reported that 56 Albertans have been credited with one year of training toward certification as school teachers for attending summer courses.

So far, 56 persons have attended courses for three successive years and are "deemed to have one year of training" toward permanent certification. The summer courses are open to students who have graduated from grade 12

Cygnets Gift For Queen Elizabeth

GRANDE PRAIRIE (BUP) — Two female cygnets, hatched this summer in the Peace River district of northern Alberta, have been sent to the United Kingdom as a gift to the queen for her Severn Wildfowl Sanctuary.

Ronald Mackay, federal wildlife officer for British Columbia, says the rare trumpeter fledglings were flown to Edmonton and then reshipped to eastern Canada and Britain. When full grown, the trumpeter is the largest bird which flies in North America. It has a wing spread of more than six feet and measures five feet from tip of bill to the tail.

A nation is young only so long as opportunity, as well as security is considered vital.

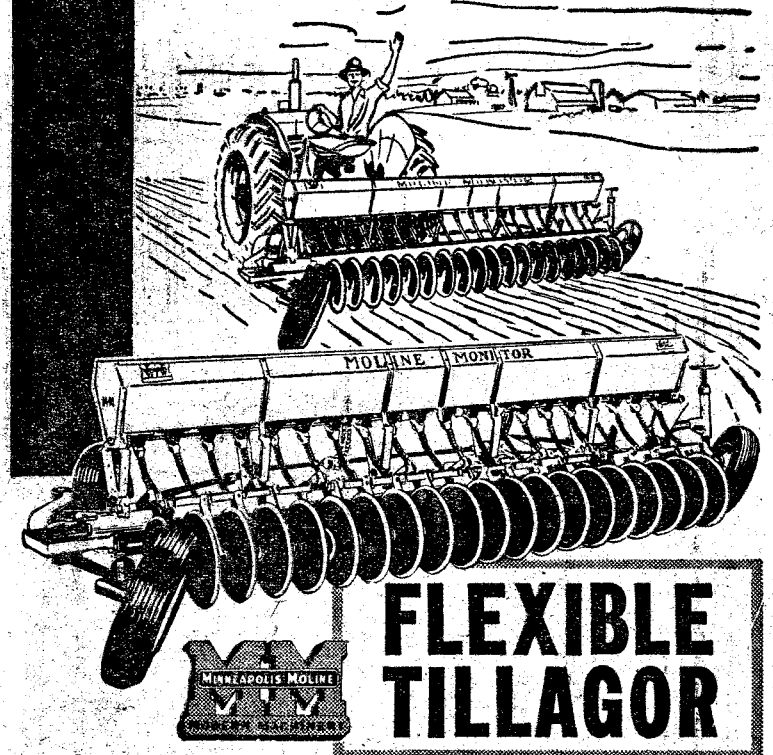
DISC, SEED, AND COVER GRAIN LAND in One Trip Through!



FLEXIBLE TILLAGOR

Now, with the new Minneapolis-Moline Flexible Tillagor and famed Moline-Monitor seeding attachment, you can prepare, seed, and cover your grain lands—in just one trip through the field! You save time, you cut costs, and do an accurate, uniform job that starts your crop right. The Tillagor is ideal for summer fallow work and other big discing jobs, too. Big 20-inch discs spaced 8 inches apart give you excellent trash clearance. The flexible gangs follow ground contours at a uniform depth, ride easily over stones and other obstructions. Easy to transport . . . easy to hook-up . . . easy to adjust for the job you want done—you boost your profits every day you work with the new Flexible Tillagor. Two sizes: 11½ foot, 4 gang; 14 foot, 5 gang.

CHECK THESE PROFIT ADVANTAGES:

- CROSS-ROLLED DISCS — built for long life and clean penetration in stoney and gravelly soils.
- DEPTH CONTROLLED GANGS — easily adjusted for any field conditions.
- ADJUSTABLE CUT—4 gang Tillagor, from 10½ to 12½ feet; 5 gang Tillagor, from 12⅝ to 15½ feet.
- ADJUSTABLE ROW WIDTH—from 6 to 7½ inches.
- SELF-LUBRICATED BEARINGS—never need oiling . . . last for years.
- FINGER-TIP UNI-MATIC CONTROL—smooth, hydraulic control of pressure and lifting.
- SAFE, EASY TRANSPORT—Discer narrows to 9 feet for transport.

Stop in soon and ask us to arrange a demonstration to prove the extra value of the MM Flexible Tillagor.

HOW . . . DOES A STRONG FINANCIAL SERVICE *Sell Wheat?*

In many ways! The Treasury Branches stand behind the man on the land from the time he sows his crop until it is time to sell. We do this because we have confidence in Alberta and Alberta's farmers.

Running a farm is like running any other business — money is necessary to purchase seed, repair machinery, or expand the farmer's interests. He also requires such protection as fire and hail insurance, and safety deposit boxes for titles, deeds and other valuables.

By working in partnership with the farmer, we are serving the farmer himself, and the entire Province. For an active farm economy means higher living standards for the whole of Alberta. The full facilities of the Treasury Branches are geared to the special needs of not only the farmer, but all the people of Alberta.

Mr. and Mrs. Rene Marrinier and Douglas from Boyle, and Mr. and Mrs. Joseph Lemay and children from Lac la Biche, visited Mr. and Mrs. Philip Lemay on the occasion of their 30th anniversary, Oct. 7.

Joseph Lemay brought Mrs. E. Sullivan to the hospital in Lac la Biche, where she was hospitalized for a few days.

Miss Ethel Belanger was hospitalized at Lac la Biche recently, where she underwent surgery.

Week-end visitors for Thanksgiving included Mr. and Mrs. Billy MacMillan and family, St. Albert; Mr. and Mrs. Dale Melott, Grassland; Mr. and Mrs. Armand Beaudoin, Beaumont; Rene Menard and son, Joe, Entrance; Alcide Gauthier, Drayton Valley; Mr. and Mrs. Pete Osadchuk, Mr. and Mrs. Victor Osadchuk, Mr. and Mrs. Ovilla Belanger, Mr. and Mrs. Roland Plamondon and Colette, Charles Cadieux, Denise Couture, Mildred Dragon, Clifford Gagnon, Jr., Anne Blonsky, and Mrs. Madeleine Taylor, all of Edmonton.

Plamondon now has five more phones installed in town, which makes a total of 29. Those having them include Mr. and Mrs. Meda Plamondon, Mr. and Mrs. J. Dragon, Mr. and Mrs. E. J. Cote, Mrs. Lillian Johnson and Miss H. Sullivan.

Charron

Week-end visitors to Charron were Miss Jean Steed, Miss Madeline Gregus, Peter Shapka and Adam Dnicki.

Mrs. Frank Dudla visited her sister, Mrs. Eugene Strumelak, at Spruce Valley recently.

Mrs. Bill Holst and Mrs. Sandy Karpetz motored to Boyle to visit the Earling Holsts.

Gloria Semashkavich had to have a cast put on her arm when it was cracked in two places recently.

Miss Annette Shaub took care of the Andre Ulliac household while Mrs. Ulliac was confined to the hospital.

Venicc

Adoria Gingras and Nick Torresan are home after being employed at Park Lumber Mills, north of McMurray for the past three months.

Delphine Giaccobbo was in Edmonton last week to attend the wedding of her cousin, Ezedio Gazzola.

Frank Lefebvre is on a two-week holiday.

Joe Bonifacio from Edmonton is here on holidays.

Mr. and Mrs. John Krushnelski are completing their harvest before leaving to make their home in British Columbia. Marion and Jimmy have been in B.C. since the new school term started.

Atmore

Mr. and Mrs. Jerome Johnson and family spent several days in Edmonton last week.

Mr. and Mrs. Lloyd Dakin and David motored to Legal, St. Albert and Edmonton last week-end, where they called on many of their relatives.

Father A. Noel has moved into the new parish rectory. Even though it is not finished completely, he seems very happy in the spacious quarters.

Special prayers are being said nightly in St. Phillip's Church during the month of October.

Thanksgiving holiday for many in the district meant only threshing and in a sense, thankfulness for being able to continue harvesting.

Mr. and Mrs. A. Stanchfield, Mrs. Oscar Dakin, Mrs. Lloyd Dakin, Mrs. Lackochinski and Mrs. V. F. Genoud attended the Red Cross blood donors' clinic in Athabasca last Wednesday.

Ray Dakin, who is employed at Anzac, was home for the long week-end. Mr. and Mrs. R. Dakin were also business visitors to Edmonton.

Mrs. R. Matheson and Peggy visited Edmonton and Chipman last week.

The preacher who knows it al isn't much of a preacher.

Thieving Seen By Engineer

EDMONTON — Because an engineer stopped his train to watch two suspicious men, John Jobe was sentenced Tuesday to three years for possession of stolen goods.

The engineer, Norman McLeod, testifed he saw Jobe and another man stuff clothing into a shopping bag from a suitcase, stolen at the Canadian National Railways station, Oct. 1.

Drill Test Wildcat Wells

EDMONTON (BUP) — Shell Oil Company announces that it will drill two test wildcat wells in the McMurray area of northern Alberta.

The wells will be located about 250 miles north of Edmonton about 25 miles southwest of Bitumont.

It was not believed they relate to the Athabasca oil sands. However they appear to follow the trend of the great land play that took place following the Red Earth Creek discovery early this year.

Receive Title For Church Site

At a recent service held in Rich Lake School it was announced that final negotiations had been completed for the purchase of a church site for the Anglican Church at Rich Lake.

The title for the land, which is located on a high piece of ground near the Rich Lake post office, has recently been received. Though many communions have ministered in the Rich Lake area during the past, it is believed that this is the longest period that any church has ministered regularly in the community. Services have been held regularly for the past two years in the school house, every Sunday at 3 p.m. The only cancelations have been due to bad roads.

Two years ago a fine organ was presented to the church by Mr. Hans Asberg, a local resident. Mr. Asberg gave this gift as a thank-offering for 50 years spent in Canada.

Plans are now being made and a building committee is at work. The immediate problem is the erection of a suitable church building. Another feature of the church program is a Sunday School which meets at the same time as the church service. It is conducted by Mrs. John Hogeviet, Jr.

The incumbent of the Rich Lake Church is the Reverend R. S. H. Greene of Lac la Biche. Church organist is Mrs. R. S. H. Greene.

Funeral Rites For Archdeacon Little

LAC LA BICHE — The funeral for the late Archdeacon Little, for nearly a quarter of a century, rector of All Saints Church, Athabasca, was held from his church on Tuesday, Oct. 9.

The service was conducted by the Bishop of Athabasca, the Right Rev. Reginald J. Pierce, D.D., assisted by the present rector of All Saints, the Rev. J. G. Gibbons. The lesson was read by the rural dean, the Rev. R. S. H. Green, of Lac la Biche.

In delivering the address, the Bishop preached on the text, "I know my sheep and am known of mine." In doing so, he paid great tribute to the Archdeacon's outstanding work as a pastor and a father in God.

Parishioners came by car from such widely scattered points as Boyle, Grassland, Smith and Edmonton. Other clergy attending included the Reverend Glen Ash, rector of Colinton; the Reverend Bernard Hart of Boyle; the Reverend Horace Dunster of Waterways and Fort McMurray; the Reverend Harold Macdonald of Edmonton. Captain Clarence Babcock of the Church Army and in charge of the church's mission at Smith and Hondo, was also present.

After a service in All Saints Church, Athabasca, the funeral party moved down to South Athabasca, where a brief service was held in St. Alban's Church, prior to interment in the adjoining church-yard.

Anglican Missions Draw Record Numbers

The missions being conducted in the Anglican Deanery of Athabasca are drawing record numbers to services. In a three-day mission just concluded in St. Andrew's, Lac la Biche, total attendance at all services was close to 200.

For the past two weeks, the missioner has been the Rev. Harold Macdonald of St. David's Church in Edmonton. Missions were held at such widely scattered points as Colinton, Athabasca, Smith, Hondo and Lac la Biche. Features of the Lac la Biche Mission included a children's mission held each afternoon at 4:15 p.m. During the day a systematic visitation of the area was conducted by the clergy of the deanery, under the direction of the rector of St. Andrew's Church, the Rev. R. S. H. Greene. Clergy assisting in the visitation included the Reverend Glen Ash of Colinton, the Reverend Bernard Hart of Boyle, the Reverend J. G. Gibbons of Athabasca, and Captain Clarence Babcock of the Church Army, in charge of the mission at Smith and Hondo.

At the final children's mission on Saturday morning a new member was received into the church when the Reverend R. S. H. Greene baptized his infant son, Michael Andrew. Godparents are the Reverend H. G. Macdonald, the Reverend J. G. Gibbons, the Reverend Bernard Hart and Mrs. Hart, and Miss Susan Van Luven.

The choir at the various services was made up of the deanery clergy.

The new materials used in sweaters are certainly impressive these days, especially on co-ed campuses.

THE LONGER YOU HOLD THEM... THE BETTER THEY GET

PUT IN $500.00
GET BACK $736.88

...that's big news in saving!

The Eleventh Series of Canada Savings Bonds offers a "stepped up" scale of interest payments which begins at 3¼% and increases in steps until it reaches 4%. This means that one of the new $500 Canada Savings Bonds earns $236.88 in interest during its 12½ years of life. So, if you hold it until maturity you get back $736.88 for each $500 you invest.

As always, Canada Savings Bonds can be cashed for full face value plus earned interest at any time. Every dollar of your investment is always available.

Study the new "stepped up" scale of interest payments in the table on the left. Then make plans now to sign up for your new Canada Savings Bonds. There never was an easier or safer way of putting by a good nest-egg for the future.

ELEVENTH SERIES CANADA SAVINGS BONDS INTEREST SCALE

First two coupons pay	3¼%
Next two coupons pay	3½%
Next two coupons pay	3¾%
Last seven coupons pay	4%
Total interest return for each $100 investment if held to maturity—	$47.38

BIGGEST SHOWING ON RECORD SURE AS GREAT NOVEMBER FAIR OPENS

The year 1956 will go down in history as the year of greatest endeavor by Alberta farmers and stock growers to capture championships at the Toronto Royal Exhibition. Officials of the Alberta Department of Agriculture say the volume of entries already filed is greater than in 1956, which was a record year.

In charge of the government-assisted livestock shipments will be veteran stockman, Charles Gordon, who will travel with the prize animals to and from their Ontario rendezvous with fame.

It was reported today that 11 sheep breeders have now added their entries to cattle, horses and swine. The volume of entries is so large that an extra railway car has been ordered. The livestock will comprise 21 cars all told on C.N.R.

Among central and northern breeders whose animals are entered in various classes are: R. C. Briggs, South Edmonton; Myron Latam, Bremner; Lord Rodney, Ft. Saskatchewan; John Fegirchuk, Hairy Hill; R. H. Byers, Clover Bar; John Tucker, Vermilion; R. Y. Secord and Sons, Winterburn; C. J. Kallel and Sons, Tofield, and N. J. Shopland, Rochester.

Agriculture department officials are hopeful that the successes of last year will be repeated, especially in the wheat, barley and rye championships, and the top awards secured for Herefords, Aryshires and fat stock.

Crash Victim Sues Estate

EDMONTON — Gerhart (Jerry) Lozie, 27, survivor of an air crash in the Northwest Territories Oct. 1, 1955, is suing the plane's captain for $70,000 damages.

Statement of claim has been filed by Lozie against the estate of Joseph Cermak, 40, pilot of an Associated Airways Ltd. freighter that was flying supplies on the Distant Early Warning radar line at the time of the crash. Lozie was the co-pilot and only other occupant of the plane.

The four - engined transport crashed after running into bad weather on a flight from site 24 on the DEW line to Yellowknife.

It was found 10 days later on an unnamed lake on the Thoa river, 80 miles northwest of Beaverlodge, Sask. Both pilots survived the crash but Cermak died of injuries and exposure two days later.

Lozie spent the 10 days without food confined to the narrow wing flap of the plane. He told his rescuers he didn't think he could have survived another night of exposure to the cold.

The statement of claim alleges the crash was due to Cermak's negligence.

The Cabot Trail on Cape Breton Island, Nova Scotia, is a partly-paved well-kept road that ranks among the most spectacular scenic drives in North America.

Woykin Appeals Sentence Only

John G. Woykin has made it clear he wishes to appeal his 12-year sentence for manslaughter, not both sentence and conviction.

In a two-paragraph letter from Lethbridge jail, written by hand in ink, he clarified a notice of appeal he made Oct. 1. In the second letter, dated Oct. 5 and received by the registrar of the Appeal Court Tuesday, Woykin said:

"Further to my letter of Oct. 1, 1956, in which I asked permission to appeal my case to the Appellate Division of the Supreme Court of Alberta:

"I wish to clarify my letter to appeal in that I have decided to appeal my sentence only and not conviction.

"Yours truly, John G. Woykin."

The precise wording of the second letter indicated Woykin had obtained the advice of the jail warden or someone else in authority.

In the first letter, five paragraphs long and written by hand in pencil, Woykin said he had been "framed" by witnesses at his trial and added, " I am innocent."

It was this statement that caused doubt as to whether he was appealing sentence only, or both.

Woykin originally was charged with murder for killing Mrs. Josephine Gray, with whom he had been living, but a six-man jury, at his trial two weeks ago found him guilty of manslaughter.

Chief Justice C. C. McLaurin pronounced the 12-year sentence.

Woykin's appeal has been set over to the Appeal Court sitting beginning Nov. 26.

On display at Fort Wellington National Historic Park, Prescott, Ontario, are well preserved fortifications originally erected during the War of 1812.

Chooses Death to Blood Transfusions

—SNS Photo

PRAISE FOR THE ACTION of Mrs. Katherine Onofersen-Stenofuik, who died after refusing blood transfusions prescribed by doctors in Calgary, was voiced by fellow members of the Jehovah Witnesses sect prior to her burial in Queens Park cemetery. "Moreover ye shall eat no manner of blood" (Lev. 26-7) is the authority cited. Above is 17-year-old Donna Jones of Hamilton, who is also refusing transfusions. Doctors say she will die. "I'd rather die than violate the laws of Jehovah", says Donna.

Lawyers to Appeal Narcotics Conviction

—SNS Photo

Lawyers for a former Hungarian baroness have appealed her conviction in Montreal for illegal possession of narcotics. Mrs. Lillian Pursey, seen above, now the 43-year-old wife of the Labor member of the British parliament for East Hull, was sentenced to six months in jail after a 12-man jury found her guilty of possessing narcotics. She was freed on a charge of possessing counterfeit U.S. money and on six charges involving conspiracy, forgery and the uttering of fake prescriptions for drugs.

The world of women is wide and comprehensive these modern days. Here in picture form we present a number of beautiful ladies whose names are news and whose doings are avidly followed by Canadians everywhere. Truly, in the world at large as in the home, women's work is never done.

Winnipeg Housewife is "Ham" At Heart

—SNS Photo

When night falls in Winnipeg, a handful of women desert their kitchens to go calling—around the world via their wireless sets. A housewife by day, an amateur wireless operator by night, Mrs. Peggy Elliott, seen above with her daughter, has hundreds of cards from many parts of the world, all from fellow "hams" with whom she has talked from her home. Most of her radio time is spent, however, doing communication work with civil defence. During the 1950 flood she relayed traffic from her 400-watt station to points in Saskatchewan. Mrs. Elliott said her husband stirred her interest in amateur radio. "He burrowed himself away with his set until I took it up in self-defence."

Cancer Society Sponsors School Poster Contest

A Poster Competition in Alberta schools has been announced by the Alberta Division of the Canadian Cancer Society.

Cash prizes totalling nearly $1,000 have been donated by a group of Life Mebers of the society who annually give funds for this purpose

The competition requires the entrants to present simply and forcefully facts about cancer, in poster form, so that people will understand them at a glance. The posters will be judged on the importance of the message which they convey, the suitability of design or illustration, originality, and general effectiveness.

The prize list in each of the society's branch areas comprising Calgary, Crownest Pass, Drumheller, Edmonton, Grande Prairie, Lethbridge, Medicine Hat, Peace River, Red Deer, Vegreville, and Vermilion, consistes of 1st, 2nd, 3rd, 4th prizes of $10, $5, $3, and $2 respectively, in Grades VII and VIII, Grades IX and X, and Grades XI and XII. Following the Branch awards, grand prizes will be awarded for the best entries in the same classes in the entire province. The closing date of the contest is March 15, 1957.

Details of the contest are going out to all schools in the province. Teachers or students who do not receive the rules and regulations, and other relative information, may obtain them from the Edmonton District Council, 11528 Jasper Avenue, Edmonton, Alberta.

Athabasca Councillors Postpone Meeting

By HENRY C. THOMPSON

After a one day session of the regular council monthly meetings Thursday, Oct. 11 it was decided to postpone other business until Oct 23, at which date it was hoped the grain would be all threshed.

The uncertain condition of the weather in the past three weeks and present unsettled conditions makes it imperative that the councillors, all of whom are farmers, get their crops under cover without any further loss of time.

A resolution was passed that the minutes of regular meetings be given to the press, after the secretary has printed copies of the business from the minute book.

The meeting was taken up with interviews of visiting rate payers. Even correspondence was shelved until Oct. 23. Readers will at a later date receive a report of this latter meeting.

20 - Year Supply Gas For Toronto

A contract for a 20-year supply of western natural gas to the Consumers' Gas Company was announced in Toronto.

A. L. Bishop, president of the Consumers' Gas and N. E. Tanner of Calgary, president of Trans-Canada Pipelines, Limited, said the contract followed more than two years of market study, analysis and negotiation.

Bishop said that the natural gas from the west will be fully competitive — when it arrives — with that now being consumed by Consumers' Gas from Texas and Louisiana.

Trans-Canada is currently building the prairie section of the natural gas pipeline from the Alberta gas fields.

One Alberta Fatality Over Holiday Weekend

EDMONTON (BUP) — Alberta had only one fatal mishap during Thanksgiving holiday weekend.

Royal Canadian Mounted Police in Edmonton reported that 67-year-old William Knott of Fairview, Alta., died as a result of injuries received in a highway accident near Fairview. Coroner Dr. Lette has ordered an inquest.

Police said that apparently the car in which Knott was a passenger overturned when it failed to make a curve. Fairview is seme 265 miles northwest of Edmonton.

Meanwhile another accident 35 miles south of Edmonton near Tofield sent ten persons to hospital, three in serious condition.

All were reported to be in satisfactory condition in Tofield hospital following the two-car collision.

Most seriously injured were Mr. and Mrs. Pearson and Mr Connor, all of Edmonton, who suffered possible concussion and fractures.
